Well this site has been a long time in the making!

"Making Money" sites are nothing new. In fact, there are hundreds of thousands of sites like this. So what makes this one different?

- 1) User generated content - you generate the content! If you have an article, tell me about it and I'll add it to the appropriate section. Why do this? Free links back to your site and your affiliate programs of course!
- 2) Free - Of course this site still has a good amount of adsense and affiliate program ads BUT this sites goal remains to be...free content and that means free ebooks, free forum, free articles. All the stuff that other sites make you pay \$100+ for is free
- 3) Easy Navigation. Most sites like this are cluttered. Hard to navigate and find exactly what you are looking for or want to submit. Not with this site. Easy to find content means you learn easier how to make money at home online!

Enjoy the site and check back often.
